RE: DISD Bond Program, Package 26A, Bryan Adams High School

Subject: Outstanding performance of project

Dear Juan,

I would like to thank you for the tremendous effort Castro Roofing has put forth on this project. As you well know, these projects can be very difficult to work through due to budgeting, scheduling and manpower. The acknowledgement from Dallas ISD regarding CORE Construction's successful job performance carries through to other upcoming and future projects. This could not have happened without the outstanding performance from Castro Roofing.

I would like to thank, in particular, Jimmy Scott, Jesus Chavez and crew for their continuing support, coordination and work performance with myself on this project. They have gone above the call of duty and put forth a tremendous effort that does not go unnoticed, despite the "opportunities" we encountered on this project. I have greatly enjoyed working with these individuals and look forward to working with them again in the future.

Again, I would like to thank Castro Roofing and their staff for a job well done. It is my hope to see and work with you again on future projects.

All my thanks,

A handwritten signature in black ink, appearing to read "R. Parton", written in a cursive style.
