Re: Dallas Music Hall Roof Replacement and Reflectory Ceiling Repair Project

Dear Mr. Rodriguez:

It was a pleasure indeed to work with you and see the Dallas Music Hall project completed. Once again Castro Roofing was challenged to meet very strict demands by the City of Dallas Staff personell to insure the successful completion of this project. Once again Castro Roofing met the challenge. It is because of professionals like you and your staff that success can be achieved even under very difficult circumstances.

Everybody wins when we can walk away from a project of this scope and look back to see an exceptional finished product. Keep up the good work! I look forward to working with Castro Roofing of Texas, Inc. in the years to come.

David Walker
Roofing Manager
Design and Construction
Equipment and Building Services
