Sub.: Quality of Work and Project Support; Castro Roofing of Texas.

Dear Amy:

I would like to take this opportunity to complement Douglas E. Barnhart, Inc. and your roofing subcontractor, Castro Roofing of Texas on the quality of work and support being provided on the above referenced project.

Castro Roofing of Texas has made major efforts to assure that the project is completed on time. By supporting the project with three, experienced crews; Castro Roofing of Texas completed the entire roof for Area B in one day as opposed to the scheduled fifteen days. While the roof has not received the flood coat or gravel, as yet, this effort has provided a major area for other trades to start installing their finishes. Through their exceptional commitment to the project, they are providing the type of effort that is necessary to successfully complete the project. Castro Roofing of Texas is providing superb quality and total commitment to support the completion of the project on time.

Please commend your subcontractor for the excellent quality of work that they are providing and thank them for me for supporting the effort to successfully complete the project.

Sincerely,
HEERY INTERNATIONAL, INC.
